January 2024

Reporting of Foreign Source Income

This section contains supplemental information on foreign source income that you may need in order to complete your 2023 income tax returns if you owned shares of the Dodge & Cox Global Stock Fund (the "Global Stock Fund"), the Dodge & Cox International Stock Fund (the "International Stock Fund") and/or the Dodge & Cox Emerging Markets Stock Fund (the "Emerging Markets Stock Fund").

Simplified Method – If the amount of your foreign taxes paid from all sources is \$300 or less (\$600 if married filing a joint return), you may be eligible to claim a foreign tax credit on Line 1 of Schedule 3 (Form 1040 or 1040-SR) without filing Form 1116.

Standard Method – To calculate foreign source income, you will need to use the additional information listed below.

The instructions for Form 1116 ask you to calculate your foreign source income and then to make adjustments for foreign source qualified dividends. To calculate your foreign source income, multiply the amount in Box 1a of your Form 1099-DIV by the "Foreign Source Income Percentage" in the table below. To calculate your foreign source qualified dividends, multiply the amount in Box 1a by the "Foreign Source Qualified Dividend Percentage" in the table below. Then follow the instructions for Form 1116 to determine amounts to report on Line 1a of Form 1116.

	Foreign Source Income	Foreign Source Qualified Dividend
Fund	Percentage	Percentage
Global Stock Fund	70.1%	67.4%
International Stock Fund	94.7%	88.3%
Emerging Markets Stock Fund	94.4%	50.4%

You might be able to take an alternate approach if you do not qualify for the qualified dividend "adjustment exception" described in the instructions for Form 1116. Under this approach, you may calculate an adjusted foreign source income amount by multiplying the amount in Box 1a by the "Adjusted Foreign Source Income Percentage" in the table below, according to your qualified dividend tax rate. This amount, together with the total of your foreign source income from other sources, should be included on Line 1a of Form 1116.

Adjusted Foreign Source Income Percentage

Fund	15% Rate	20% Rate	
Global Stock Fund	30.1%	39.2%	
International Stock Fund	42.2%	54.1%	
Emerging Markets Stock Fund	64.4%	71.2%	

You do not need to report income passed through from a mutual fund on a country-by-country basis. "RIC" (regulated investment company) may be entered on Line i of Part I of Form 1116.

For more information about reporting foreign taxes paid, see IRS Instructions for Form 1116, Foreign Tax Credit, and IRS Publication 514, Foreign Tax Credit for Individuals.

Corporate Dividends Received Deduction

Corporate shareholders should note that a percentage of ordinary dividends (including short-term capital gains) is eligible for the corporate dividends received deduction. For 2023, the percentages are as follows:

Stock Fund	89%
Global Stock Fund	31%
International Stock Fund	2%
Emerging Markets Stock Fund	0.3%
Balanced Fund	28%
Income Fund	0%
Global Bond Fund	0%
